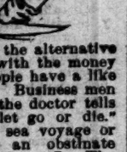
VOLUME CVI.---NO 183. ALEXANDRIA, VA., FRIDAY EVENING, AUGUST 4, 1905. PRICE 2 CENTS.

Let go or die. That's the alternative of the shipwrecked man with the money bags. A great many people have a like alternative before them. Business men come to a point where the doctor tells them that they must "let go or die." Probably he advised a sea voyage or mountain air. There's an obstinate cough that won't be shaken off. The lungs are weak and perhaps bleeding. There is emaciation and other symptoms of disease, which if unskilfully or improperly treated terminate in consumption.

Thousands of men and women in a like condition have found complete healing by the use of Dr. Pierce's Golden Medical Discovery.

"It gives me pleasure to send you this testimonial so that some other poor sufferer may be saved, as I was, by Dr. Pierce's Golden Medical Discovery," writes Geo. A. Thompson, of Sheldon Ave., Chatham, Ont., Canada. "I had a cough for years, expectorated a great deal, and was slowly failing. Was losing flesh every day. Lost in weight from 150 pounds down to 128. My flesh got soft and I had no strength. Did not see anything by any one that made up my mind that the end was not far off. One day my wife was reading in the 'Common Sense Medical Adviser' about Dr. Pierce's Golden Medical Discovery, and I said, that sounds more like common sense than anything else that I had heard. I at once bought a bottle of your famous remedy and before I had taken half of one bottle I felt better. Took thirteen bottles and it made a new man of me. I gained sixteen pounds and never have had a cough since. I feel splendid and give all the credit to your medicine."

Given away. The People's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. The book contains 1008 pages, over 700 illustrations and several colored plates. Send 21 one-cent stamps for the paper-bound book, or 31 stamps for the cloth bound. Address Dr. R. V. Pierce, Buffalo, N. Y.



Dr. Pierce's Pleasant Pellets cure bad, foul stomach and constipation and so help to cure nearly every disease of mankind. They regulate, tone up and invigorate Stomach, Liver and Bowels.

HEADACHES DISPELLED.

Men and Women Unanimous About It.

Many women weep and wail and refuse to be comforted because their once magnificent tresses have become thin and faded. Many men incline to profanity because the flies bite through the thin thatch on their craniums. It will be good news to the miserable of both sexes, to learn that Newbro's Herpicide has been placed upon the market. This is the new scalp germicide and antiseptic that acts by destroying the germ or microbe that is the underlying cause of all hair destruction. Herpicide is a new preparation, made after a new formula on an entirely new principle. Anyone who has tried it will testify as to its worth. Try it yourself and be convinced. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

WEAK HEARTS

are caused by Indigestion. If you eat a little too much, or if you are subject to attacks of Indigestion, you have no doubt had shortness of breath, rapid heart beats, heartburn or palpitation of the heart.

Indigestion causes the stomach to expand—swell, and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.

Kodol Dyspepsia Cure

digests what you eat, takes the strain off of the heart, and contributes nourishment, strength and health to every organ of the body. Cures Indigestion, Dyspepsia, Sour Stomach, Inflammation of the mucous membranes lining the Stomach and Digestive Tract, Nervous Dyspepsia and Catarrh of the Stomach.

After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured.
MRS. LORING NICHOLS, Penn Yan, N. Y.

I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me.

MISSING MAYOR.

William H. Belcher, Mayor of Paterson, N. J., has not been located, and no attempt is being made to find him. Meanwhile allegations are being guardedly made in a scorce of quarters that connect his name with forgeries and defalcations.

State Bank Examiner Joseph R. Conklin arrived in Paterson yesterday, and at once began an investigation of the paper held by the banks and trust companies of that city on which money was loaned to Belcher or to his interests. It is stated that the amount of money involved in the transactions already reaches $150,000.

None of the banks or trust companies that have loaned money to Belcher has yet been reimbursed. They are still in possesion of the building and loan pass books and mortgages which were given as collateral. Friends of Belcher have gone to the bankers and have said that as soon as the Mayor appears they will aid him to make good any sum up to $100,000 that may be demanded.

Belcher is unqualifiedly charged with misappropriating $18,000. He is also alleged to have handled mortgages which appear to be forged, and to have received upward of $15,000 from small investors, which amounts have been supposedly loaned on questionable mortgages.

John J. Sister, clerk of courts, yesterday charged that the receiving stamp used in the county clerk's office had been forged on at least two mortgages which had been executed on forms used by Belcher and on which his name was regularly printed. The signature of A. D. Winfield, who was the county clerk, was, he said, forged.

Prosecutor Emley, who is making the investigation to ascertain the amount of Mayor Belcher's alleged peculations, says that they will amount to fully $75,000.

Intimate friends of Mayor William H. Belcher are convinced that he is on his way to California, where he has a brother, Peter Belcher.

The prevailing belief now, however, is that Belcher will never return to Paterson and that his body is likely to be found in the mountains in the neighborhood of his home in Midvale.

There is practically no head to the Paterson government at present. Under the city charter there can be no acting mayor to sign pay warrants and other documents until 10 days shall have elapsed from the time the mayor abandoned his post of duty.

Prevention of Yellow Fever.

The Public Health and Marine Hospital Service has issued a circular on the prevention of yellow fever. The directions given look to the suppression of the mosquito as the only means of preventing its spread. "No mosquitoes, no yellow fever," is the motto announced in big black letters at the top of the circular.

The document continues as follows: "The infection of yellow fever is carried by mosquitoes, and by no other means is the infection spread. Persons take the disease by being bitten by mosquitoes that have previously bitten a yellow-fever patient. The mosquitoes, to become infected, must bite a yellow-fever patient during the first three days of his attack. These first three days, therefore, are the most important time for preventing the access of mosquitoes to a fever patient. It is often difficult to decide during the first three days whether a patient has yellow fever, hence the necessity in threatened communities of placing a mosquito bar immediately around every patient who has fever of any kind, and for three days at least."

The necessity of drainage and screening is dwelt upon with much emphasis.

Sultan Opposes Conference.

Information from Fez reaching official quarters show that the Sultan of Morocco, who first proposed an international conference, now fears that discussion among the powers will result in the dismemberment of his empire. He, therefore, called an assembly of chieftains, who formally decided that outside interference in Moroccan affairs was not necessary. The Sultan has since shown opposition to the holding of a conference.

The State Department having been invited by a foreign power, which is understood to be Germany, to indicate a preference for the meeting-place for the international conference which is to deal with the reform of Moroccan affairs, acting Secretary Adee has made answer that this government is perfectly willing to send its representatives to any one of the places which has been mentioned as proper upon which the powers more directly interested can agree. So far nothing has been received here officially indicating an abandonment of the projected conference.

The prompt results produced by Chamberlain's Colic, Cholera and Diarrhoea Remedy together with its pleasant taste have won for it a place in many households. Mr. W. T. Perfection Mosquito and Fly Canopies.

Why be annoyed by mosquitos and flies when it can be prevented by a very small expense and no trouble?

We call special attention to the fact that the "Perfection" 5-coil canopy springs have been THOROUGHLY TESTED in tension, action, power and endurance, and found that they will lift any grade new net to a perpendicular position against the head board, and will also undergo the strain of being fastened down, day and night, continuously for many months without showing signs of weakness, when properly adjusted. They are small in diameter; noiseless in operation; look neat and pretty; are not clumsy nor in the way; are strong and durable, and the most perfect canopy springs ever put on the American market.

Made in all sizes and can be adjusted to either metal or wood beds.

Have us put one up for you, and after one week's trial if not entirely satisfactory we will take it down and refund your money.

Four Facts For Sick Women To Consider

Lydia E. Pinkham's Vegetable Compound Has an Unequalled Record of Cures—Mrs. Pinkham's Advice Is Confidential, Free, and always Helpful

FIRST.—That almost every operation in our hospitals performed upon women becomes necessary through neglect of such symptoms as backache, irregular and painful menstruation, leucorrhœa, displacements of the uterus, pain in the side, burning sensation in the stomach, bearing-down pains, nervousness, dizziness and sleeplessness.

SECOND.—The medicine that holds the record for the largest number of absolute cures of female ills is Lydia E. Pinkham's Vegetable Compound. It regulates, strengthens and cures diseases of the female organism as nothing else can.

For thirty years it has been helping women to be strong, curing backache, nervousness, kidney troubles, all uterine and ovarian inflammation, weakness and displacements, regulating menstruation perfectly and overcoming its pains. It has also proved itself invaluable in preparing for childbirth and the change of life.

THIRD.—The great volume of unsolicited and grateful testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time published by permission, give absolute evidence of the value of Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice.

FOURTH.—Every ailing woman in the United States is asked to accept the following invitation. It is free, will bring you health and may save your life.

Mrs. Pinkham's Standing Invitation to Women.—Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. From symptoms given, your trouble may be located and the quickest and surest way of recovery advised. Out of the vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge that will help your case. Surely, any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

Serum For Hay Fever?

If the experiments now being carried on by several prominent Cleveland, Ohio, physicians with a new serum for hay fever are successful, hundreds of victims of this disease may not be forced away from their homes this summer. The new serum was discovered by a German physician, and claims are made that it will prevent victims of hay fever from serious attacks, and in many instances effect an absolute cure. Physicians in several well-known Cleveland hospitals are giving the new serum a trial, and they have hopes that a remedy has at last been discovered that will destroy the disease, which has baffled the doctors of the country for many years.

[Mother Goose's Melodies.

Governor Montague has made another speech. He repeated his old, old story and exhibited his sore places to the good people of Petersburg last night. The primary election and his aversion to wearing collars were the threadbare subjects at the onset. He, of course, assailed Senator Martin and closed by saying that if the people would give him a chance to represent their State in the United States Senate he would represent them without fear or favor. He dwelt at some length upon attacks made upon him, especially by newspapers, The Governor seems to smart more over the failure of many newspapers to espouse his candidacy than divers other setbacks he has received. Journalists, as a class, are not easily led away by would-be public servants who attempt to exalt their own importance at the expense of others. They see many other requirements in representative men. The Governor is quick to show his resentment toward those to whom he does not appeal as a candidate for Senator, but he is extremely sensitive when he is in the slightest manner criticised.

THE examination of the books of the Town Topics Company by the New York law authorities not only disclosed a long list of prominent men and women who had paid large sums for a subscription to the unpublished society book known as "Fads and Fancies," but also implicated Justice Deuel inferentially by showing that he had been receiving a salary of $1200 from the company, presumably for legal advice. Colonel W. D. Mann, the proprietor of the alleged blackmailing sheet, got home from Europe last week, and asserted that all of these various transactions were strictly legal. Incidentally, he remarked that both President Roosevelt and ex-President Cleveland had sent their photographs and life sketches to be included in the book. This was contrary to the express denial issued for the President at Oyster Bay. The books of the Smart Set Company, owned by the Town Topics people, were also inspected by the District Attorney. It was estimated that the eighty persons who had subscribed to "Fads and Fancies" had given up $140,000.

AN ardent devotee of Thomas Jefferson has written a letter to the New York Sun abounding in admiration of the author of the Declaration of Independence. Mr. Jefferson seems to have had an enthusiasm for the city of New Orleans which time has not wholly justified. He wrote in 1904 that the position of New Orleans certainly destines it to be the greatest city the "world has ever seen." That was an error largely due to the fact that it could not be foreseen that railroads would rival the Mississippi river in transportation facilities. Mr. Jefferson felt certain that yellow fever could not become a devastating plague except in the crowded districts of cities or in towns where health protection was overlooked. He was undoubtedly right, and more than a century ago, while the pestilence still perplexed the health authorities and the spread of the poison by mosquitoes was unsuspected, he had a long look into the future.

OF ONE of the beautiful processes of the high tariff the New York Herald says: "We pay for the tropical products with raw materials shipped to Europe and exported thence in manufactured forms of South America." In order that this wonderful policy may not be disturbed the Boston Home Market Club has warned all protectionists against encouraging the reciprocity convention in Chicago. It appears, says the Philadelphia Record, that they raise considerable quantities of tropical fruits in hothouses in and around Boston, and they do not care for foreign raw materials of production, like wool and hides, unless covered by a tax.

THE republican convention in Richmond yesterday nominated delegates to the Roanoke convention, and after a bitter fight among the factions passed resolutions indorsing Judge Lewis for governor and commending the administration of State Chairman Slemp. This part of the resolution was at one time lost and it looked as if the delegates would go to Roanoke uninstructed, but the organization finally forced its passage by a small majority. The President will have to issue another order concerning pernicious activity in politics by federal officeholders.

Striking Telegraphers.

St. Paul, Aug. 4.—The striking telegraphers undoubtedly have the Northern Pacific and Great Northern roads seriously crippled today. Freight traffic is paralyzed, according to Perham. The roads claim to be taking perishable freight, but St. Paul commission men say they are unable to get either road to take consignments. No violence or accidents are reported.

From Washington.

[Correspondence of the Alexandria Gazette.]
Washington, D. C., August 4.

Manila has discovered "graft" in the military supply depot. According to reports received here, the books were falsified to cover up shortages in property extending over a period of four years and involving not less than $100,000. Chief Clerk Wm. Reeves, of the depot, has been discharged and upon conviction was sentenced to fifteen months' imprisonment for selling cases of surgical instruments stolen from the government. Paul L. Stangl, a clerk, resigned but was arrested, tried and convicted, and sentenced to a year and a half in Bilibid for stealing surgical instruments. Scores of cases of instruments, valued at $100 each, have disappeared. They were removed from the depot by the conspirators in boxes marked "carbolic acid," which went to confederates. Privates Strawser and Stonebraker, of the hospital corps, each got a five year sentence. Strawser has made a confession, estimating the total of the graft at $25,000. The looting of the medical supply depot has been the most systematic and extensive of any scheme to defraud the government that has been detected in the Phillipines since the famous commissary scandals of five years ago. Some old time employes, who have left the Islands, are also believed to be implicated.

Consul Snyder, of Bogota, reports to the Department of Commerce and Labor that owing to the unprecedented dry spell, conditions are such in parts of Colombia as to approach a famine. Crops have been ruined, cattle are dying, and prices have risen enormously. President Reyes has issued circulars to all the departments asking for a statement of the prevailing conditions, and intends introducing into the country large quantities of corn, rice, barley flour and beans mainly from the United States, to be sold at the lowest possible price in order to relieve the widespread suffering. Circulars have also been sent to the heads of all transportation companies in Colombia asking that they move these articles free of charge.

Officials at the War Department are taking considerable interest in the divorce proceedings instituted by Captain Elmer S. Taggart, against his wife, whom he charges with infidelity. The case has not yet been officially reported to the War Department, and it is hardly expected that it will be, unless Captain Taggart, at the conclusion of the civil proceedings, should prefer formal charges against the officers whom he has named as corespondents. In any event, it is said at the War Department, no action looking to a court-martial of any officer will be taken pending the conclusion of the civil suit for divorce. If Captain Taggart's charges against his wife are sustained by the court, the only way in which the matter could be brought officially to the attention of the military authorities would be by his preferring charges against officers whom he has named as corespondents or by action being taken by the department commander. As a rule, however, purely personal affairs of this sort are not officially taken up by the War Department.

The announcement from the City of Mexico that U. S. Ambassador Conger is returning to the United States on a leave of absence of two months is understood here to point to his retirement from the diplomatic service at the end of that period. When Mr. Conger was recalled from Pekin, China, where he was succeeded as U. S. Minister by Mr. Rockhill, it was announced that he would be given the post at Mexico City for a short time so that he might retire to private life with the rank of an ambassador. It was stated at the same time that he would be succeeded in Mexico by David E. Thompson, then U. S. Minister to Brazil. But since then several things have happened which may change the programme. Mr. Conger has only been in Mexico a couple of months and it is now hinted that his purpose in coming to the United States on leave at the present time is to ask the President to allow him to remain at his present post, thus giving him a longer tenure as ambassador than was originally intended.

The statement from Tokio that the Japanese immigration officials have reported adversely upon the idea of allowing Japanese to go to the Isthmus of Panama to help dig the canal is regretted by the canal officials here. The reasons assigned for the adverse report, it is pointed out here, are either erroneous or have been removed since the visit of the Japanese Commissioners to the isthmus.

Surgeon General Wyman, of the United States Marine Hospital Service had a conference with Secretary of the Treasury Shaw this morning in the course of which the actions of the revenue cutter Winona were discussed, General Wyman has received telegrams from the officers in command, disanowing any violations of the United States laws, of Mississippi or Louisiana. Congressman Bowers of Mississippi is to be in the city today and arrangements have been made for a conference between him and Secretary Shaw and General Wyman.

That Primary.

Unofficial reports from the Richmond grand jury which yesterday examined hundreds of voters in the recent primary are to the effect that the irregularities were even worse than at first supposed. It is stated that at First Lee precinct, where J. C. Smith, candidate for City Sergeant, was credited by the count with receiving 125 votes, the poll by the grand jury shows that his competitor, Epps, received 120 votes, while those cast for Smith and McCaw, the other candidate, together amounted to only 74 votes. All of the voters of this precinct have not testified. Enough has been learned to cause a vigorous demand for another primary. The City Hall was crowded the greater part of the day with voters giving their evidence before the grand jury. It seems now practically certain that there was a plot to steal the city for two or three candidates and that it would have passed unquestioned but for the accidental exposure of one illegal incident.

28,000 Men to be Locked Out.

Berlin, Aug. 4.—The Association of Employers of the Saxon and Thuringian textile trades has decided to close down the works on August 19. Twenty-eight thousand men will be locked out by the shut-down.

New York Stock Market.

New York, Aug. 4.—The strength displayed in the stock market at the opening was well sustained all through the first hour. There was a free supply of stock on all advances, as there has been in the forenoon periods every day this week, but the stocks offered were easily absorbed, while demand continued as urgent on the advance in the upward movement started yesterday afternoon.

News of the Day.

The Japanese emigration companies object to sending laborers to work on the Panama canal on account of the unsanitary conditions.

Miss Bessie Arnold, of Baltimore, a pretty blonde of 25, years, was married to Charles Ging, a Chinaman, by Magistrate Beaton in Philadelphia yesterday.

Senator John W. Daniel delivered a lecture on the "English-Speaking People" yesterday evening at the Allegany, Md., Grove Chautauqua before a large audience, seven excursion trains being run to the grove from nearby towns.

Several tenants of a three-story double frame tenement at 643 Lorimer street, Williamsburg, Brooklyn, were badly injured in jumping from the windows of their rooms during what is believed to have been an incendiary fire in that building yesterday.

Attorney General Moody, who returned to Washington yesterday from Massachusetts by way of Oyster Bay, expressly for the purpose of supervising the legal investigation into the cotton leak scandal in the Department of Agriculture, spent the day in his office, at the Department of Justice.

Bishop R. K. Hargrove, of the Methodist Episcopal Church South, died at his home at Nashville, Tenn., yesterday morning. He had been in feeble health for a year past. Robert Kennon Hargrove had been a bishop of the Methodist Episcopal Church South since 1882. He was born in Alabama in 1829.

The report of the Washington health department for the week ending July 29, shows a large increase in the number of new typhoid fever cases reported. There were 50 cases reported. This increases the number of cases under treatment in the city to 126 in all, as compared with 92 cases for the corresponding week last year

Creditors of Mrs. Cassie L. Chadwick will receive a total dividend of about seven mills on the dollar when the matter is finally settled. The assets will amount to $25,000, it is expected, against which are claims for attorneys' fees and court costs amounting to $10,300, leaving about $14,000 with which to meet $2,000,000 of indebtedness.

Annie Cantino, the prettiest girl in "Little Italy" in Philadelphia, was shot down at her door last night by an admirer whose suit she had rejected. He shot her in the garden of her father's house, and then turned the revolver against himself. Both the murdered girl and the suicide died almost instantly. The man who committed the double crime was Luigo Mero.

Robert W. Criswell, editor of the New Yorker, against whom prosecution was recently begun for publishing a libelous story concerning Miss Alice Roosevelt, committed suicide in the subway last night by throwing himself under an express train. The New Yorker dealt largely in gossip about prominent people and the editor had incurred the displeasure of many of those he had "written up."

Mike Aspinwall, city marshal, of Baxley, Ga., was assassinated there yesterday by A. J. Chestnut. Chestnut was pursued by twenty-five armed citizens, who left their places of business to prevent his escape. He fired twice on his pursuers, and was shot through his left side with a rifle ball. He was brought back and lodged in jail. He said, "Blind-tiger liquor has brought me to this." Cheetnut had a street fight yesterday afternoon with Luke White, who had bested him. City Marshal Aspinwall interfered, and the shooting followed.

Prof. A. G. Harley, secretary of the State Board of Education, was instantly killed at Laurel, Md., yesterday evening by train No. 9 of the Baltimore and Ohio Railroad. Prof. Harley, with his son, Mr. Charles H. Harley, and some ladies were crossing the tracks west of the station on their way to a camp of United States soldiers who were there for the night. Men on an engine lying on a siding warned him of the approaching train, but it is supposed that he became confused and failed to get out of the way of the train. His body was frightfully mangled, his son and the ladies being eyewitnesses to the accident. Prof. A. G. Harley was born in Virginia May 26, 1884.

A strange story was told in Fairmont, W. Va., by Tiola Yrrahskynsky, a Russian miner, employed in the Fairmont coal region. Going to the superintendent, Yrrrhskynsky complained that his wife, Aiystoro Yrrahskynsky, whom he married in Russia in June, 1898, is a man instead of a woman. He announced that he had just made the discovery. The man stated that he and his wife grew up in the same neighborhood and "she" was looked upon as a sweet, playful little girl. The wife always acted like a woman, and until yesterday the man did not suspect anything to the contrary. Yrrahskynsky charges that his wife practiced fraud on him and says he will ask for an annulment of the marriage.

After killing two persons, seriously and probably fatally shooting two others, one a woman, and less seriously shooting two more, Isaac Kinney, a desperate negro, was killed in a river bottom at Doella, six miles south of Lewisville, Ark., at noon yesterday after a hot fight with a posse of citizens that had surrounded him. His record for 24 hours is: On Wednesday morning he killed a negro at Stamps; in the afternoon he killed E. R. Ferguson, claim agent of the Louisiana and Arkansas Railroad, member of a posse, three miles from Stamps; early yesterday morning seriseriously shot Mrs. Stewart, of Greensburgh, Tex., and her husband. At noon yesterday he shot Alvil Barham through the neck and shot C. F. Nash, severing a finger.

Saved by a Rug.

A rug which formed a parachute saved the life of Mrs. Kate Getin, yesterday, in a fall from the fifth floor to a cement paved yard in New York. Mrs. Getin's right arm was broken. She fell out of the back window of a flat at 147 Cherry street into a deep, narrow area, crossed by family clotheslines. A woman living in the ground floor flat heard a thud on the pavement and saw the corners of a rug folding down over Mrs. Getin, who lay in its center. The swaying of the clotheslines above showed that the woman had fallen from the fifth to the third floor without striking any obstruction until she hit a rug which lay spread over two clotheslines. From that point downward the edges and corners of the rug had flopped against clotheslines sufficiently to retard the plunge, which otherwise would have proved fatal.

Virginia News.

The recent death of Mr. C. C. Willard, uncle of Lieut.-Gov. Joseph E. Willard, has necessitated his canceling all engagements to speak this week.

A man giving the name of Lee Howell was either pushed off or fell off an excursion train between Winchester and Harpers Ferry yesterday, and sustained injuries from which he died that afternoon. The accident happened near Aldridge, W. Va.

A bridegroom kidnapped and driven around the deserted streets of Richmond for hours by four gay friends while his bride and party, in great anxiety, awaited his coming occured Wednesday night. Clarence Poland, a Southern Expressman, was married to Miss Florence L. Rupp, at the bride's home in Richmond, and during the reception immediately after the ceremony the groom was lured out on the sidewalk by four of his friends and thrown into a hack, which at once drove off. This practical joke was prolonged until daylight, when his captors relented and delivered him to his distressed bride.

Two Women's Drinking Bout.

With a request from Captain Taggart's attorney that the court order Mrs. Taggart to permit her husband to see their two sons, the Taggart divorce hearing was resumed at Wooster, O., yesterday. Judge Eason ruled that both parties had equal rights to the children, though they were temporarily under the mother's care.

With the first witness the plaintiff's side entered upon its direct evidence. The witness was Howard Taggart, brother of the plaintiff. He said he lived with the Taggarts at Fort Thomas, Ky., from 1893 to 1898. He described a visit of Lieutenant Rither to the Taggart house, where he had an interview with Mrs. Taggart in the parlor at 1:30 a. m. while Captain Taggart was away. The witness discovered Rither's presence, he said, and the latter hurried away and did not call again.

A week later Mrs. Taggart handed the witness an anonymous letter asking him if he knew the writing. The letter advised the captain to watch his wife, as Rither was taking her to a resort in Newport. The witness said he never mentioned Rither's early morning call or the letter to his brother.

Mrs. Taggart's alleged capacity for beer was given as five glasses at one sitting, when the witness described a drinking bout between Mrs. Taggart and another woman. The contest was for the championship of the garrison, the witness said, and the contestants were backed by officers. Mrs. Taggart told him afterwards, the witness said, that the other woman won the match, drinking nine goblets of beer to Mrs. Taggart's five.

Howard Taggart also testified that his sister-in-law drank habitually with the officers and prided herself on taking her whisky straight, laughing at the men for using water with it. The captain, the witness said, objected to his wife giving their sons beer.

To show the character of Mrs. Taggart's associates, the witness was allowed to testify that Mrs. Taggart told him that a lieutenant was forced to leave West Point by his wife's couduct with another officer. Long argument on the competence of such testimony followed. The court overruled the objection and Howard Taggart proceeded to relate conversation with Mrs. Taggart reflecting on the Poors.

Swanson Denies Charge.

Hon. Claude A. Swanson addressed the voters of Roanoke last night in the Assembly Hall. It was evident before the meeting that it would be a most interesting incident in State politics, as a three-column article over the name of Crandall Mackey, Commonwealth's attorney of Alexandria county, implicating him in the recent post-office scandals, had been published yesterday in the city papers. Many other articles reflecting on Mr. Swanson have been published there under the auspices of the Roanoke Willard Club. It was announced that he would answer the charges, and the large hall was filled.

Mr. Swanson said that in fourteen years of public service this was the first time his character had ever been besmirched. He wanted Mr. Willard to answer if he had instigated the paid article.

The principal charge was that he had secured increases in the salaries of nine post-office clerks in his district in the third and fourth class post-offices. He declared that the man who inspired the charges "had a malicious heart, and was mean and contemptible".

Death of Capt. Berry.

Capt. J. Owens Berry died about 3 o'clock Tuesday afternoon, at his home at Ashgrove, aged 68 years. His remains were buried at Andrew Chapel yesterday (Thursday) morning at 11 o'clock. He leaves a widow and six children. His pallbearers were old Confederate soldiers. Capt. Berry entered the Confederate service as First Lieutenant of Co. G, Eighth Virginia Infantry, but was soon promoted to the captaincy of the company, Capt. Thrift having been made Major of the regiment. He served until the end of the war with conspicuous gallantry. At the battle of Gettysburg he was the only man of the company who was not wounded or captured, although he was in the thickest of the fight. Since the war he has been one of our most useful and highly respected citizens. He represented Fairfax for a while in the House of Delegates of Virginia, and has held other responsible positions. He was a gentleman of the highest integrity and possessed the fullest confidence of all who knew him. His health had been declining for some six or seven years, and while his death was not unexpected, it was nevertheless deeply regretted by the people among whom his useful life had been spent and who had ever appreciated his character and worth.—[Fairfax Herald.

Gov. Montague in Fairfax.

Fairfax, C. H., Aug. 4.—Gov. Montague spoke at the court house today at 1 o'clock. The court house was filled and his speech was well received. His speech was along the same lines as those he has made throughout the State. He made the usual attack on Senator Martin. A number of Alexandrians were present. The Governor was introduced by Mr. S. R. Donohoe.

Spread of Yellow Fever.

New Orleans, La., Aug. 4—Fifty four new cases of yellow fever were reported within the last twenty-four hours. The enormous increase was unexpected by the Health Officials. All of the cases discovered by Dr. Richardson were Italians and the patients were immediately sent to the Emergency Hospital for treatment. The new foci for the past twenty-four hours is placed at 12. With the government cases of yellow fever this brings the total up 432. Despite the unusual increase in the new cases of yellow fever there was a decrease in the number of deaths. Only five deaths were reported. There was also quite a number of recoveries during the past twenty-four hours. The new cases in different portions of the city have made the local and state health officials double their energies. Sporadic cases are reported in other places in Louisiana, Mississippi and Alabama.

The official report at 10:30 today was four deaths and three new cases from the yellow fever section of the city. Some deaths and new cases were not made public.

Jackson, Miss., Aug. 4.—Captain Gorman and a detail of troops from the Vicksburg Company, M. N. G., were ordered out by Gov. Vardaman this morning to reinforce troops doing quarantine duty on the coast.

New Orleans, Aug. 4.—The Louisiana soldiers at the State line dividing Mississippi and Louisiana spent an uneventful night. It is the intention today of Commander Bostick, of the Naval Reserves, to seize any of the Mississippi boats caught trespassing in Louisiana waters and follow out the instructions of Governor Blanchard.

New Orleans, Aug. 4.—The Louisiana Naval Reserves stationed at the Rigolets have just captured one of the Mississippi patrol boats, the "Tipsey" in the ship island canal. The Mississippi boat was caught trespassing in Louisiana waters.

Introduced to the President.

Ooster Bay, N. Y., Aug. 4.—Count Witte, the Senior Russian peace plenipotentiary, was introduced to President Roosevelt this afternoon. The giant envoy arrived at Oyster Bay on the 12:20 p. m. train in company with Baron Rosen, the Russian Ambassador, then at once climbed into the President's surrey which had been waiting for ten or fifteen minutes beside the platform. Thomas Lightfoot, one of the colored White House messengers acting as unofficial reception committee, escorted the visitors from the train to the vehicle. "The count comes merely to get acquainted with the President," explained Baron Rosen, "and has nothing to say for publication. He has greatly enjoyed his American visit thus far and has been deeply interested in all that he has seen." Count Witte smiled and bowed several times but did not volunteer any remarks, even in his native tongue, to Baron Rosen until after Julius Wheeler, the coachman, had turned the horses' heads up the avenue in the direction of Sagamore Hill. The Mayflower bringing Secretary Peirce and Commander Winslow is due to arrive at Oyster Bay this afternoon. Mr. Peirce comes to consult with the President regarding the details for the reception of the envoys tomorrow. It is understood that the formal speeches which are to be exchanged by the President and the peace plenipotentiaries at their meeting tomorrow have all been prepared and read by the representatives of the three powers concerned. The exchanges are confined to the most scintillating of "glittering generalities," and the most flowery examples of diplomatic blarney. After Count Witte and Baron Rosen take luncheon with the President and Mrs. Roosevelt today they will leave for New York on the 4:20 p. m. train.

Surrender of Russians.

Tokio, Aug. 4.—The bulk of the Russian army on Saghalin Island surrendered to the Japanese forces on July 31. Among the prisoners who fell into the hands of the Japanese are Governor Liapnoff, seventy officers and 3,200 men. A report has been received which gives details of the pursuit and final capture of the Russian force. An independent cavalry attack on the Russians began on July 28, according to this report. The enemy was routed and two field guns and a number of rifles were captured.

The Russians fled toward the south and the next day the cavalry, having been reinforced, took up the pursuit vigorously. The Russians halted at Onol, and at 5 o'clock on the morning of July 30 sent a letter under a flag of truce from Gov. Liapnoff saying that the inability to take care of the wounded prompted him to ask terms of surrender.

The Japanese commander demanded the delivery of all war supplies and property of the Russian government, and all maps, papers and records relating to the Russian civil and military administration. The surrender of all the uninjured was also demanded. The commander declared that the terms must be accepted before 10 o'clock on July 31 Col. Tolivitch, representing Governor Liapnoff, met Colonel Koisumi, Japanese chief of staff, and accepted the terms of surrender.

Struck Misplaced Switch.

Bayonne, N. J., Aug. 4.—A New Jersey Central railroad passenger train struck a misplaced switch on the Hackensack river bridge this morning. The engine fell into the river, the engineer being caught in the cab and drowned. The fireman escaped by jumping into the river. The two passenger coaches attached to the engine remained on the bridge, but the baggage car hangs over the structure. It is said the train was bound from Jersey City for Philadelphia.

The Taggart Divorce Suit.

Wooster, O., Aug. 4.—The Grace Taggart who sits in court today under the gaze of a room full of spectators while attorneys lay bare the details of their charges against her, looks another woman than the Grace Taggart who sat with her boys at her side at her home on the eve of the trial. As if branding irons these talks of scandal in the army have laid their marks on her. The lines have deepened in her face. Hollows have come beneath her eyes. From her cheeks all the color has been blanched in the two days of this ordeal. The change is pitiable and the simple black dress and hat she wears makes only the more evident these signs of suffering. "Not a word have I heard against my wife's name and not one of the charges made against her have been made by me. Not a word will I say against her." These declarations are from a remarkable interview with Captain Taggart before the opening of court today. This is taken as a corroboration of a rumor long in circulation that the charges against Mrs. Taggart were brought by his attorneys without Captain Taggart's knowledge. It has been explained by Captain Taggart's friends that the ethics of the service will not permit him to speak ill of his wife even after his separation from her. When he brought his children here, according to this explanation, he consulted his attorneys. They told him the only way to keep them was by a divorce suit with proof that Mrs. Taggart was not a fit person to have possession of them. They had to go ahead to get the evidence without information with Taggart until after the suits had been begun. From another source comes information that Captain Taggart has refused the pleadings of his attorneys that he take the stand against his wife.

Conditions in Russia.

Moscow, Aug. 4.—Another regiment of Cossacks has arrived here and will be stationed in the province for the purpose of overawing the peasants who have shown signs of restlessness. In all parts of the province peasants have been holding unauthorized meetings and generally have shown dissatisfaction with the existing order of things. The local authorities fear they do not have enough troops at hand to deal with what is a general movement on the part of the peasants to assert themselves.

Odessa, Russia, Aug. 4.—Three bomb factories have been discovered here and their contents confiscated. The authorities who made the discovery found sixty-seven finished bombs, and 200 other bombs in the course of construction. Twelve arrests have been made.

Holding His Ashes, She Asks Burial Permit.

Wilmington, Del., August 4.—With the remains of her husband in a jar on her arm, Mrs. Harley Denney yesterday afternoon went into the office of the Board of Health and asked for a burial permit. She coolly stated that a grave was ready and the burial was to take place at 4 o'clock. Denney died in California last March and his body was cremated. The ashes were placed in a jar and when the widow returned to this city she brought them in her trunk. This was contrary to law, as she had no permit to bring the body from California and no certificate attesting the cause of death. The board refused the permit.

Peace Prospects.

Birmingham, England, August 4.—The Post states that Sir Mortiner Durand, the English Ambassador to the United States, has cabled to Lord Lansdowne the principal features of the Russian and Japanese peace terms. The stipulations made by the opposing nations are of such a nature, the paper declares, that they have caused the conviction that the negotiations to bring the war to an end will be unsuccessful, or else one of the countries must give way considerably from the position which has now been taken. The Post adds that pressure is being brought to bear upon Japan to induce her to moderate her demands.

Declines Lipton's Offer.

Glasgow, Aug. 4.—Alfred Mylne, who since the death of George L. Watson has been regarded as the premier boat designer of the country, has declined an offer made by Sir Thomas Lipton to design a new challenger for the America's cup. Mr. Mylne says that American regulations for boats give British designers no chance of success and he has declined to attempt to plan a cup winner on this ground.

Unfounded Rumor.

Rome, Aug. 4.—Consternation was caused by a report that King Victor Emanuel had been killed in an automobile accident. The story caused great excitement at the Vatican and the Pope was greatly perturbed. Later when the report proved groundless, he said: "Let us thank God that Italy has been spared another catastrophe."

Supposed Suicide.

New York, Aug. 4.—A man supposed to be Robert H. Criswell, editor of the New Yorker, either fell or jumped in front of a subway express train last night and was instantly killed. He was recently sued for libel by Congressman Phinock, of Kentucky, for printing something in connection with Miss Alice Roosevelt.

The Missing Midshipman.

New York, Aug. 4.—D. N. Jackson, of Petersburg, Va., father of Midshipman Robert Allen Jackson, of the battleship Missouri, who disappeared a week ago while the vessel was lying in North river, has come to New York to take a personal hand in the search for the missing officer. The elder Jackson entertains a hope that his son will be found soon, although apparently he knows no more of the middys whereabouts than do the police, and they, it is believed, know nothing at all, or next to nothing. When seen today Mr. Jackson said: "I believe my son will speedily be found; I profoundly hope so at any rate. It is a most unfortunate affair, and one which I deeply deplore." It is understood that he shares with the police the opinion that Olga Maxwell, some times known as the "Russian countess," who has been frequently mentioned in connection with the disappearance of the young man, could tell where Midshipman Jackson is at present, if she would.

Head-on Collision.

North Attleboro, Mass., Aug. 4.—A dozen persons were injured, some of them severely, in a head-on collision of trolley cars at Walnut Grove late yesterday afternoon, but it is not thought that any of the injured will die. Two cars of the Interstate Consolidated Street Railway came together with a fearful crash on the North Attleboro Pawtucket line through a mistake in signals, and the passengers in both cars were thrown in a heap, one of the cars being wrecked. The accident occurred on a curve near Walnut Grove and north of a switch.

School Board.

At the monthly meeting of the City School Board held last night there were present Capt. Herbert Bryant, chairman, and Messrs. Thompson, Yates, Stabler, Ramsay, Thomson, Dr. Jones, Carne, Boothe, Dr. Smith, Carter, and the Superintendent.

The City Treasurer's annual report of the receipts and expenditures of the board, accompanied by the proper vouchers, was presented by the Superintendent, who stated that the account had been examined by the finance committee and found to be correct. The report was accepted and the Clerk was directed to certify to the correctness of the same to the proper authorities in Richmond.

The Clerk submitted his annual report of the receipts and expenses of the board, showing receipts of $21,228.05 and expenditures of $21,112.72, leaving a balance of $115.83 and the report was received and accepted.

Mr. Stabler, from the committee on schoolhouses and furniture, reported that the only work on the buildings so far accomplished was some whitewashing; the new desks for the Principal's room in Peabody building, he said, had been ordered and would cost about $145. He also stated that the expenses for repairs had been estimated at about $700, but that about $445 would suffice for the year.

The finance committee submitted a report on the salaries of teachers for the year, basing their report upon the existing condition of the financial affairs of the board. This report recommended, in substance, that the monthly salaries of all the white teachers and of the two colored principals remain unchanged and that the salaries of the colored teachers be reduced $5 per month.

Some discussion following, Dr. Jones, of the finance committee, asked leave to withdraw the report and moved that the sum of $12,500 be appropriated for the payment of the white and $5,200 for the colored teachers.

Mr. Carne moved to amend by fixing the school term at ten months. His motion was lost by a vote of 3 to 8.

Mr. Stabler moved that a horizontal reduction of all the salaries be made so as to come within the appropriation and that the seven teachers entitled to an increase of salaries under the rules be granted such increase. Mr. Stabler's motion was lost by a vote of 5 to 6.

The motion of Dr. Jones was then carried.

The school term was fixed at nine and a half months, the teachers to receive ten months salaries.

Mr. Ramsay moved that all the present teachers be re-elected en bloc and their salaries be fixed according to the report of the finance committee and his motion was carried.

Mr. Carne moved that an advance of one dollar per month be made those teachers who would, under the rules, be entitled to an increase of $5 per month and this motion was lost.

Applications of Misses Mary F. Grigg and Elizabeth W. King for positions as teachers, were read and ordered placed on file and they were elected substitute teachers.

The present janitors were all re-elected.

Dr. Smith moved that the City Council be asked to appropriate an additional $300 to pay those teachers the advance in their salaries to which they were entitled under the rules of the board. This caused some discussion, some holding that Council having just made an additional appropriation of $500, would give no more, but the motion was carried and on motion of Mr. Ramsay a committee of three, with Dr. Smith as chairman, was appointed to make the request to Council. The chair appointed Messrs. Ramsay and Stabler as the other members of the committee.

The Clerk was directed to commence the issuing of permits for children to attend the schools on Monday, September 11.

The Superintendent submitted the high school text book list prescribed by the State board and asked its adoption by this board. The matter was laid over, but was subsequently reconsidered and the Superintendent was authorized to adopt for use such high school books as he deemed necessary.

The Clerk presented the census taken of the children of the city between the ages of 7 and 20 years, showing the number to be 3,910. [The report according to wards, sex and color was published in yesterday's Gazette.]

Mr. Yates moved to amend the by-laws so as to give the substitute teachers the full pay of the teachers whose places they temporarily filled in case of sickness, &c. Mr. Yates urged that such a course would be fairer to the substitutes and would have a tendency to make the teachers more regular in their attendance. The matter was laid over till the next meeting.

During the meeting the question arose as to the probability of the Principal of Lee school being able to resume her duties at the beginning of the next session, it having been stated that she was quite sick, but Dr. Smith stated that she was improving and that in all probability would be able to resume her duties.

Joint Committee Meeting.

An adjourned meeting of the city and county democratic committees was held last night at 8 o'clock in the Hotel Fleischmann for the purpose of making arrangements for the primary election to select a candidate for the House of Delegates. There were present Messrs. Chas. Bendheim, chairman; Geo. L. Simpson, O. F. Carter, R. T. Cook and W. B. Dobie, of the city committee, and Curtis B. Graham, Jas. E. Clements, Wm. N. Febrey, R. F. Crawley and Andrew B. Graham, of the county committee.

Mr. Curtis B. Graham, chairman of the county committee, was chosen chairman of the joint committee, and Mr. R. T. Cook, of the city committee, was elected secretary.

Mr. G. L. Boothe, of this city, a member of the State committee, who was present, made a statement for the State chairman, asking that the Alexandria primary be held without expense to the State committee.

A resolution was adopted providing that the local primary be held on the same day as the State primary, August 22, and that all aspirants for the nomination be required to file their names with the committee on or before noon, August 15.

Under the new plan of having one of the judges of election at each precinct act as clerk, it was pointed out the expenses would be considerably reduced. Three persons at each precinct will conduct the primary. The estimate for the country was $50 and for the city $70, and a resolution was adopted providing that the total amount be equally divided between the candidates for delegate.

The candidates for Senator and State offices will not be assessed.

It was explained that under the newsparty regulations members of the county and city committees will be voted for at the same time that the ballots are cast in the legislative and State primaries. The committee decided that candidates for these positions would be required to present their names at the same time stipulated for the candidates for the legislature.

Mr. Carter introduced a resolution requiring each candidate for committeeman to pay $5 toward defraying the expenses of the primary, but the motion was defeated.

The question of engaging all the judges who have been accustomed to act heretofore was discussed, but a dicision in the matter was referred.

Mr. John H. Trimyer and Mr. James R. Caton, of this city, candidates for the nomination for the House of Delegates, were present. Mr. George E. Boteler, of the county, who announced his candidacy several weeks ago, did not attend the meeting.

Attempted to Blow Up Steamer.

Bernard Scott, colored, it is alleged, narrowly escaped blowing up the steamer Jane Mosely, which was crowded with colored excursionists, near Baltimore, yesterday. The discovery caused a panic on the steamer and the alleged culprit came very near being lynched. Robert H. Jones, the engineer, says that during the trip the boat began to behave badly, but his first intimation that anything was wrong came when the pilot, finding the steamer was lurched to one side, called to him to ascertain the cause. Jones says the sight he saw as he looked from the enclosure over the boiler gave him a terrific shock. Looking down he saw a colored man working away with a wrench, while about him lay a lot of screws and some of the intricate machinery. The boiler was hissing, and Engineer Jones declares that had the negro taken out the screw on which he was then working the boilers would have exploded and the vessel blown up. The pilot immediately turned toward the shore and signaled the engineer to go ahead at full steam. Scott was placed under arrest when the steamer reached Baltimore. The Jane Mosely since 1875 had, until recently, been running on the Potomac.

Another Complaint.

A few years ago Washingtonians were waging war against the "immoral quagmire" at Alexander Island. They are now exercised over the charge that it is the breeding ground of diseases which prevail in the District of Columbia. Because of complaint made against unhealthy conditions at Alexander Island, Commissioner Macfarland, of the District of Columbia, recently asked Dr. Woodward, the health officer, to make an investigation, especially as the results might be harmful to the District According to the latter, mosquito breeding conditions are mostly to blame for the unsanitary conditions. Because the island is not in the jurisdiction of the District of Columbia, and because the work which caused the alleged unhealthy conditions were caused by the bridge under construction by the War Department, Commissioner Macfarland referred the matter to that department.

Menace to Navigation.

The wheat-laden bugeye which, about ten days ago, was in collision with a tug from Baltimore, and was sunk in the channel near Holland Point, below Mount Vernon, is still a menace to navigation, the effort that has been taken to remove the wreck having failed. It is stated the vessel lies directly in midchannel, in about twenty feet of water, and while the smaller vessels can sail over it without injury, the larger ones, with deeper draft, will strike it and receive serious damage. A passing vessel has fouled the wreck during the past two or three days, as one of the masts of the sunken craft has been broken off under water.

The New Ferry.

The big pile driving machine of Carter & Clark, which has been employed for the past two weeks on wharf work about Washington, has been brought to this city where it will be used in driving the remaining piles for the new ferry slip. Mr. John Callahan, general manager of the Norfolk and Washington Steamboat Company, says that he will within the next day or two go on to New York to look at two other double end ferry steamers, but as the ownhrs of the boats are, in his opinion, asking considerably more than the boats are worth, it is doubtful whether he can come to terms with them.

Prof. Moody, of the Naval Gun Factory Band, of Washington, was last night given the contract for furnishing the music for the Relief and Reliance fire companies when they go to Harrisonburg on August 16, 17 and 18 to attend the firemen's convention. The band will be composed of twenty pieces.

Grave Trouble Foreseen.

It needs but little foresight, to tell, that when your stomach and liver are badly affected, grave trouble is ahead, unless you take the proper medicine for your disease, as Mrs. John A. Young, of Clay, N. Y., did. She says: "I had neuralgia of the liver and stomach, my heart was weakened, and I could not eat. I was very bad for a long time, but in Electric Bitters, I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women. Sold under guarantee by E. S. Leadbeater & Sons, druggists at 50c a bottle.

Today—Oriental vs. Del Ray.

Baseball enthusiasts are is in a furor of excitement over the game of baseball to be played Saturday next on the old fair grounds. This game should have been played last Saturday, but on account of rain was postponed. Many bets are being made on the contest. Manager Fred Birrell says the Alexandria Athletic Club must win this game, and he will have the following line-up on the grounds Saturday: Gray, center field; Dougherty, shortstop; Fletcher, right field; Bright, left field; Purcell, pitcher; Kraft, catcher; Bright, first base; Benzette, second base, and Wheatley, third base. The league will not give out its line-up until the umpire calls time. The league will put forth its best efforts to win this game and the championship of Alexandria. There will be no disappointment Saturday as there has been for several days past, as both teams are from this city and will line up promptly at 5 o'clock.

Interfering With an Officer.

Some excitement was caused on King street between 10 and 11 o'clock last night by the arrest of Emmet Belt by Officer Henderson on the charge of interfering with him in the discharge of his duty. John Sims was engaged in the rendition of some of his periodical pranks at the intersection of King and Royal streets, and had attracted a crowd. Officer Henderson appeared and approached Sims, who said he was going to Del Ray. The officer told him to go to the station at the corner of Prince and Royal streets, and Sims obeyed. The crowd remained in the street and when Mr. Henderson proceeded to make those composing it move on, Belt took exceptions and a colloquy resulted which ended in his arrest. On the way to the station house, Belt told the officer that if he did not wear a policeman's badge he (Belt) would not allow himself to be pulled through the streets. The prisoner left collateral for his appearance this morning and when brought before the Police Court he was fined $5 by Justice Pelton. He noted an appeal, which the justice overruled.

Murdaugh. Mr. J. Taylor Ellyson, candidate for Lieutenant-Governor, is expected to speak at the same meeting with Mr. Swanson.

Lorenzo Chase and James Plater, both colored, arrested by Lieutenant Smith and Officers Patterson and Bell charged with gambling, were fined $5 each.

Church Meeting.

The annual church meeting of the First Baptist Church was held on Wednesday evening, which was preceded by a short song and prayer service. Reports of the officers of the church and the various departments of church work showed the church to be in a most gratifying condition. The officers elected for the ensuing year were Mr. Jas. R. Mansfield, clerk; Mr. Sam'l W. Pitts, treasurer, and Mrs. James Hulfish, organist. At this meeting two new deacons were elected to fill vacancies on that board; namely, Messrs. John T. Nalls and Mark E. Miller. The following delegates were elected to represent the church at the Potomac Association, which meets this year (August 16th) with Ebenezer church, Loudoun county: Messrs. Jas. R. Mansfield; W. P. Kerrick, Adam Martin and Rev. Willis L. Wayts.

Shot His Brother.

Disputing the ownership of a baseball bat, David Baker, aged thirteen, shot and fatally injured his brother Charles, aged eleven, yesterday at their home in Oakdale, Pa. The boys, with companions, had been playing baseball near the Baker home, when a dispute arose. Charles picked up the bat and ran into his home. He went into a bedroom and his brother followed. Seeing a rifle standing in a corner, David picked it up and aimed it at his brother, at the same time commanding him to give up the bat. In a spirit of bravado the younger boy dared him to shoot, and then, telling him to wait a minute, went to the bureau to get a revolver. Just as he started for the bureau his brother fired. The bullet struck him in the right temple. His brother became frightened and ran out of the house, screaming to his mother that he had shot his brother. The mother, with three daughters, was attending a wedding in the house adjoining.

Millionaire and Typewriter Wed.

A romantic meeting at Asbury Park a year ago resulted in the the marriage at Paterson yesterday of John Donohue, comptroller of the city of Paterson, N. J., and a multimillionaire, and Helen Ingraham, of Hackensack, a pretty stenographer. Mr. Donohue is the senior member of the firm of John Donohue's Sons and inherited $3,000,000 a few years ago, and has made millions by his own efforts. Mr. Donohue is a man of middle age and immensely popular. Last summer he went to Asbury Park to attend a dinner of the Turtle Club of Paterson. While crossing a bridge on the way to the station he met Miss Ingraham, whose hat had just blown off and was floating away on the tide. Mr. Donohue recovered the hat, and from the incident developed an acquaintance that led to mutual love. The announcement of the marriage created great interest, as it was supposed that the millionaire was a confirmed bachelor.

A Warning to Mothers.

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the oldfashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipiency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in in case of cholera infantum. For sale by Gibson & Timberman and W. F. Creighton & Co]

CANDIDATES.

Alexandria, Va., July 19, 1905.

TO MY FELLOW CITIZENS OF ALEXANDRIA CITY AND COUNTY:

I beg to announce that I will be a candidate for the House of Delegates for the city and county of Alexandria subject to nomination by the democratic primary. It is well known to my fellow citizens that I was an aspirant for the honor of lieutenant-governor of Virginia, and that for reasons already made known to the public I felt constrained to retire from that contest. When I did so I had no intention of becoming a candidate for renomination and re-election to the House of Delegates, until urged upon me by a large number of my fellow citizens of the city and county of Alexandria, whose wishes and friendship I felt under obligations to regard. After mature consideration and yielding to what I believe to be the wish of a large body of my fellow citizens and friends representing every interest in the community, I have concluded to stand for re-nomination and re-election. I have been twice honored with the election by my people as their representative in the General Assembly of Virginia, and trust that my past record in that body will be to them a pledge and assurance of my future conduct should it be their pleasure to return me to this post of honor. In the event of my nomination and election I pledge myself faithfully to guard and defend every interest of the city and county in which I have spent my life and in which are centered all my affections and interests. I respectfully solicit the endorsement and support of the people whom I have represented to the best of my ability in the two last General Assemblies of Virginia. Very respectfully,

MEETINGS.

A CALLED MEETING of the stockholders of the COLONIAL LOAN AND DEPOSIT ASSOCIATION will be held at the offices of said association, No. 128 south Fairfax street, Alexandria, Virginia, on MONDAY, August 7, 1905, at 2 o'clock, p. m., for the purpose of considering certain resolutions of the Board of Directors of said association, adopted on the 17th day of June, 1905, in Havana, Cuba, which resolutions are as follows:

First. This company being now essentially a Cuban institution, with all its financial interests in Cuba, be it resolved that steps be taken to abolish the present legal necessity of holding the stockholders' meetings in Virginia, United States of America.

Second. In order to accomplish the object of the first resolution, and also to make some changes deemed necessary and expedient, be it resolved that it is deemed advisable that the Directors of the Colonial Loan and Deposit Association be authorized and empowered to transfer, by sale, consolidation or otherwise, to another company which is or may be established under the laws of Cuba by the directors of the Colonial Loan and Deposit Association, or by others, or by both, all the assets and liabilities of the old company other than the rights of or against its stockholders derived from the subscription to or possession of stock, said Cuban company to be formed on the basis deemed most expedient for securing more capital for loans and investments, and with the general powers of a trust company.

Third. Be it further resolved that it is deemed advisable that the stockholders of this company whose stock at the time of transfer is unencumbered and up to date in its payments, exchange their stock for paid-up and non-assessable stock of the Cuban company, receiving in stock of the said company an amount equal to the total loan fund credit of their respective certificates of stock, plus 1-6 of 1 per cent. for each month transpired since the first payment on same.

Fourth. Be it further resolved that the stockholders who now have loans may continue their monthly payments as at present, in accordance with the conditions of their respective contracts, until their loans are paid off, but that they may, if they wish, exchange their stock as the other stockholders, and recognize a straight loan in favor of the purchasing company.

Fifth. Be it further resolved that a special meeting of the stockholders of this company be held in Alexandria, Virginia, on the seventh of August, 1905, at 2 p. m., to take action on the above resolutions, and also to arrange all the details of transfer and change that may be deemed necessary and expedient.
